RECOMMENDED FEEDING INSTRUCTIONS

LOW IRON SOFTBILLED BIRD-FARE is a High Quality diet, designed to be fed free choice to a wide variety of birds.

The ingredients in this product are used in part because of their low-iron levels.

Most birds will consume about one-fifth of their body weight per day. Feed requirements of birds will vary according to species, stress factors, environment and activities. For Frugivorous (fruit eating) birds, fruits should be fed along with LOW-IRON SOFT BILLED BIRD-FARE.

Fresh water should be available at all times.
